

Update from your Garden Committee

Presentation November 9, 2021

Your Garden Committee, together with our gardener, Crystal Godfrey, will be putting on a presentation in the Blue Room instructing the cutting and selecting of herbs. As many of you were aware, this year we had an herb garden in the South Garden which proved successful. Crystal will be talking about herbs and how to preserve them. As well, we hope to have some “tastings” to sample, and to provide some recipes.

Tea and coffee will also be available.

The presentation will last about one hour, and Crystal will be available to answer questions. Due to public health restrictions for Covid, we are limited to twenty-five people.

So, book the date - November 9th, 6:30 - 7:30 p.m. in the Blue Room.

*RSVP to Linda Campbell@
