

MEMORANDUM

TO: All Residents – 1470 Summer Street
Summer Gardens

FROM: Real Estate 360 Property Advisory Limited

DATE: September 8, 2021

RE: FIRE ALARM & SPRINKLER SYSTEM TESTING
AND FIRE PUMP DEVICE

To satisfy a Municipal By-Law requirement, we wish to advise all residents that Wilsons Security and Life Safety Systems will be on-site **Wednesday September 22, 2021** to complete the annual tests and inspections of the central Fire Alarm, Sprinkler System and the fire pump device.

Access to all units will be required to test and inspect the individual heat and smoke detectors and sprinkler heads in the units. If you cannot be home, or make arrangements for someone to be there, the Building Manager will accompany the technician into the suites to perform these mandatory tests.

During this process, the fire bells will sound periodically. Upon completion of flushing the sprinkler lines you may experience a slight water discoloration for approximately four (4) hours.

Thank you for your cooperation on this matter, and we apologize for any inconvenience this may Cause.
